

# Surface Thermometer Certifications

PTC Metrology® is Accredited by A2LA to ISO/IEC 17025 and ANSI/NCSL Z540-1

Made In U.S.A.

## • **NIST Traceable A2LA Accredited (ISO 17025) Surface Thermometer Certifications from PTC Metrology® -- does not currently include pipe thermometers**

PTC Metrology® meets the requirements of ISO/IEC Guide 17025, ANSI/NCSL Z540-01, and ISO 9001 or 9002.

Certifications will include: as received and as returned data; a statement of uncertainty; laboratory conditions; and information on the primary standards.

Please note that certification prices do not include any labor, adjustments, repairs, or parts.

### • **Customer's Choice of Points NIST/A2LA (ISO 17025)**

This cert will contain the before and after calibration results of the UUT at the point(s) selected by the customer. The points may be selected from the chart below. In addition to the readings, certification will include laboratory conditions and information on the primary standards. Cost of the certification will depend on which points the customer chooses. See table for available temps & prices. Minimum fee is **\$65.00**.

Customer Selected Points	Price per Point
-5°C to 23°C	<b>\$70.00</b>
>23°C to 100°C	<b>\$55.00</b>
>100°C to 200°C	<b>\$65.00</b>
>200°C to 300°C	<b>\$70.00</b>
>300°C to 400°C	<b>\$75.00</b>
>400°C to 525°C	<b>\$85.00</b>

To assist you in choosing test points, please refer to ASTM E-77 and NIST recommendations.

### • **3 Points PTC's Choosing NIST/A2LA (ISO 17025)**

(within the range of ambient to 400C)

Same as above, but special price includes 3 different points across the UUT's scale of PTC's choosing.

NIST traceable certifications by our A2LA accredited laboratory are also available for LIG, ASTM, Digital, Air Immersion, Bimetal Stem thermometers; as well as for PRT's and Thermocouples & Probes; Pressure Gauges; Hygrometers; and Durometers

**Price: \$125.00** per instrument

## • **NIST Traceable Certifications (non A2LA)**

### • **Basic Certification to Manufacturer's Specifications - Without Logged Points (NIST)**

This certification is best for customers needing only calibration traceability to NIST without the added cost of logging the calibration results.

Although no specific points will be logged, UUT's referred to will be calibrated at three or more points over the UUT's range. Up to five instruments of the same model and range can be listed on the cert for the basic price. Additional units above quantity of five can be added for a nominal fee. This certification will not list any adjustments made to the UUT or out of tolerance conditions.

**Price: \$67.00** (up to 5 instruments of the same model and range).

**\$7.50** for each instrument above quantity of five.
